

We are a Central Florida homestead that grows our own vegetables, fruits, berries, muscadine grapes, and herbs.

We raise chickens, pigs, rabbits, and turkeys. We recently acquired 2 Shetland Ponies. More animals are in the plans during 2021.

We offer farm fresh eggs, baby chicks, blackberries and produce (in season), and other products derived from our homestead such as baked breads, pies and cookies.

We offer lawn care, pressure washing, landscaping, hedge trimming, paver installation, scrap removal and other services as well.

Check out our website or message us for more information.

We also have a blog that helps new homesteaders get started with their own homesteading dreams. Come join us today, sign up for our free email course, or follow us on Social Media.

We welcome new friends. Watch for some exciting new additions in 2021!
